*“The story tell is top notch. I actually laughed which is hard for me to do when viewing ANY PDF comic as these types of comics usually were meant to entertain in other ways.”*

*- Perilcomics*

*“This piece is nothing short of incredible, in terms of its scope, artwork, and technical achievement. [...] The number of characters in the orgy scene alone, posed (and then re-posed) and rendered hundreds of times over, is just... it blows my mind.”*

*- Epoch*

*“The story is fun and had me hooting with laughter at times, but it is also very sexy. The orgy scenes are superb and his character work is amongst the very very best I have ever seen.”*
